

STATE OF NEW YORK

6701--A

2021-2022 Regular Sessions

IN SENATE

May 12, 2021

Introduced by Sens. THOMAS, MAY -- read twice and ordered printed, and when printed to be committed to the Committee on Consumer Protection -- recommitted to the Committee on Consumer Protection in accordance with Senate Rule 6, sec. 8 -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the general business law, in relation to the management and oversight of personal data

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "New York privacy act".

3 § 2. Legislative intent. 1. Privacy is a fundamental right and an
4 essential element of freedom. Advances in technology have produced ramp-
5 ant growth in the amount and categories of personal data being gener-
6 ated, collected, stored, analyzed, and potentially shared, which
7 presents both promise and peril. Companies collect, use and share our
8 personal data in ways that can be difficult for ordinary consumers to
9 understand. Opaque data processing policies make it impossible to evalu-
10 ate risks and compare privacy-related protections across services,
11 stifling competition. Algorithms quietly make decisions with critical
12 consequences for New York consumers, often with no human accountability.
13 Behavioral advertising generates profits by turning people into products
14 and their activity into assets. New York consumers deserve more notice
15 and more control over their data and their digital privacy.

16 2. This act seeks to help New York consumers regain their privacy. It
17 gives New York consumers the ability to exercise more control over their
18 personal data and requires businesses to be responsible, thoughtful, and
19 accountable managers of that information. To achieve this, this act
20 provides New York consumers a number of new rights, including clear
21 notice of how their data is being used, processed and shared; the abili-
22 ty to access and obtain a copy of their data in a commonly used elec-

1 tronic format, with the ability to transfer it between services; the
2 ability to correct inaccurate data and to delete their data; and the
3 ability to challenge certain automated decisions. This act also imposes
4 obligations upon businesses to maintain reasonable data security for
5 personal data, to notify New York consumers of foreseeable harms arising
6 from use of their data and to obtain specific consent for that use, and
7 to conduct regular assessments to ensure that data is not being used for
8 unacceptable purposes. These data assessments can be obtained and evalu-
9 ated by the New York State Attorney General, who is empowered to obtain
10 penalties for violations of this act and prevent future violations. This
11 act also grants New York consumers who have been injured as the result
12 of a violation a private right of action, which includes reasonable
13 attorneys' fees to a prevailing plaintiff.

14 § 3. The general business law is amended by adding a new article 42 to
15 read as follows:

16 ARTICLE 42

10 relationship. "Data broker" does not include any of the following:

17 infer information about, or otherwise be linked to a particular consum-
18 er, household or device, provided that the processor or controller that
19 possesses the data:

20 (a) implements reasonable technical safeguards to ensure that the data
21 cannot be associated with a consumer, household or device;

22 (b) publicly commits to process the data only as deidentified data and
23 not attempt to reidentify the data, except that the controller or
24 processor may attempt to reidentify the information solely for the
25 purpose of determining whether its deidentification processes satisfy
26 the requirements of this subdivision; and

27 (c) contractually obligates any recipients of the data to comply with
28 all provisions of this article.

29 10. "Device" means any physical object that is capable of connecting
30 to the internet, directly or indirectly, or to another device and is

34 individuals who (a) are trained in the capabilities and limitations of
35 the algorithm at issue and the procedures to interpret and act on the
36 output of the algorithm, and (b) have the authority to alter the auto-
37 mated decision under review.

38 12. "Natural person" means a natural person acting only in an individ-
39 ual or household context. It does not include a natural person known to
40 be acting in a professional or employment context.

41 13. "Person" means a natural person or a legal entity, including but
42 not limited to a proprietorship, partnership, limited partnership,

45 department, or similar subdivision thereof.

46 14. "Personal data" means any data that identifies or could reasonably

5 controller.

6 18. "Profiling" means any form of automated processing performed on

9 health, personal preferences, interests, reliability, behavior,
10 location, or movements.

11 19. "Protected health information" has the same meaning as in Title 45
12 C.F.R., established pursuant to the federal Health Insurance Portability
13 and Accountability Act of 1996.

14 20. "Sale", "sell", or "sold" means the disclosure, transfer, convey-
15 ance, sharing, licensing, making available, processing, granting of
16 permission or authorization to process, or other exchange of personal
17 data, or providing access to personal data for monetary or other valu-
18 able consideration by the controller to a third party. "Sale" includes
19 enabling, facilitating or providing access to a consumer for targeted
20 advertising. "Sale" does not include the following:

21 (a) the disclosure of data to a processor who processes the data on
22 behalf of the controller and which is contractually prohibited from
23 using it for any purpose other than as instructed by the controller; or

24 (b) the disclosure or transfer of data as an asset that is part of a
25 merger, acquisition, bankruptcy, or other transaction in which another
26 entity assumes control or ownership of all or a majority of the control-
27 ler's assets.

28 21. "Targeted advertising" means displaying online advertisements to a
29 consumer where the advertisement is selected based on personal data
30 obtained or inferred from a consumer's activities over time and across
31 one or more distinctly-branded websites, online applications, or
32 services, to predict the consumer's preferences or interests. It does
33 not include advertising (a) based solely on the context of the consum-
34 er's current search query or visit to a website or online application or
35 (b) to a consumer in direct response to the consumer's request for
36 information or feedback.

37 22. "Third party" means, with respect to a particular interaction or
38 occurrence, a person, public authority, agency, or body other than the
39 consumer, the controller, or processor of the controller. A third party
40 may also be a controller if the third party, alone or jointly with
41 others, determines the purposes and means of the processing of personal
42 data.

43 23. "Verified request" means a request by a consumer or their agent to
44 exercise a right authorized by this article, the authenticity of which
45 has been ascertained by the controller in accordance with paragraph (c)
46 of subdivision eight of section eleven hundred two of this article.

43 (ii) this paragraph shall apply only to the extent that such activity

47 1681 et seq., and the data is not collected, maintained, used, communi-
48 cated, disclosed, or sold except as authorized by the Fair Credit
49 Reporting Act.

50 § 1102. Consumer rights. 1. Right to notice. (a) Notice. Each control-
51 ler that processes a consumer's personal data must make publicly and
52 persistently available, in a conspicuous and readily accessible manner,
53 a notice containing the following:

54 (i) a description of the consumer's rights under subdivisions two
55 through six of this section and how a consumer may exercise those
56 rights, including how to withdraw consent;

1 (ii) the categories of personal data processed by the controller and
2 by any processor who processes personal data on behalf of the control-
3 ler;

4 (iii) the sources from which personal data is collected;

5 (iv) the purposes for processing personal data;

6 (v) the identity of each third party to whom the controller disclosed,
7 shared, transferred or sold personal data and, for each identified third
8 party, (A) the categories of personal data being shared, disclosed,
9 transferred, or sold to the third party, (B) the purposes for which
10 personal data is being shared, disclosed, transferred, or sold to the
11 third party, (C) the third party's retention period for each category of
12 personal data processed by the third party or processed on their behalf,
13 or if that is not possible, the criteria used to determine the period,
14 and (D) whether the third party uses the personal data for targeted
15 advertising;

16 (vi) the controller's retention period for each category of personal
17 data that they process or is processed on their behalf, or if that is
18 not possible, the criteria used to determine that period; and

19 (vii) for controllers engaging in targeted advertising, average
20 expected revenue per user (ARPU) or a similar metric for the most recent
21 fiscal year for the region that covers New York.

22 (b) Notice requirements.

23 (i) The notice must be written in easy-to-understand language at an
24 eighth grade reading level or below.

25 (ii) The categories of personal data processed and purposes for which
26 each category of personal data is processed must be described at a level
27 specific enough to enable a consumer to exercise meaningful control over
28 their personal data but not so specific as to render the notice unhelp-
29 ful to a reasonable consumer.

30 (iii) The notice must be dated with its effective date and updated at
31 least annually. When the information required to be disclosed to a
32 consumer pursuant to paragraph (a) of this subdivision has not changed
33 since the immediately previous notice (whether initial, annual, or
34 revised) provided to the consumer, a controller may issue a statement
35 that no changes have been made.

36 (iv) The notice, as well as each version of the notice in effect in
37 the preceding six years, must be easily accessible to consumers and
38 capable of being viewed by consumers at any time.

39 2. Opt-in consent. (a) A controller must obtain freely given, specif-
40 ic, informed, and unambiguous opt-in consent from a consumer to:

41 (i) process the consumer's personal data for any purpose other than
42 those in subdivision two of section eleven hundred five of this article;
43 or

44 (ii) make any changes to the existing processing or processing
45 purpose, including those regarding the method and scope of collection,
46 of the consumer's personal data that may be less protective of the
47 consumer's personal data than the processing to which the consumer has
48 previously given their freely given, specific, informed, and unambiguous
49 opt-in consent.

50 (b) Any request for consent must be provided to the consumer, prior to
51 processing their personal data, in a standalone disclosure that is sepa-
52 rate and apart from any contract or privacy policy. The request for
53 consent must:

54 (i) include a clear and conspicuous description of each category of
55 data and processing purpose for which consent is sought;

1 (ii) clearly identify and distinguish between categories of data and
2 processing purposes that are necessary to provide the services or goods
3 requested by the consumer and categories of data and processing purposes
4 that are not necessary to provide the services or goods requested by the
5 consumer;

6 (iii) enable a reasonable consumer to easily identify the categories
7 of data and processing purposes for which consent is sought;

8 (iv) clearly present as the most conspicuous choice an option to
9 provide only the consent necessary to provide the services or goods
10 requested by the consumer;

11 (v) clearly present an option to deny consent; and

12 (vi) where the request seeks consent to sharing, disclosure, transfer,
13 or sale of personal data to third parties, identify each such third
14 party, the categories of data sold or shared with them, the processing
15 purposes, the retention period, or if that is not possible, the criteria
16 used to determine the period, and for each third party state if such
17 sharing, disclosure, transfer, or sale enables or involves targeted
18 advertising. The details of identities of such third parties, and the
19 categories of data, processing purposes, and the retention period, may
20 be set forth in a different disclosure, provided that the request for
21 consent contains a conspicuous and directly accessible link to that
22 disclosure.

23 (c) Targeted advertising and sale of personal data shall not be
24 considered processing purposes that are necessary to provide services or
25 goods requested by a consumer.

26 (d) Once a consumer has provided freely given, specific, informed, and
27 unambiguous opt-in consent to process their personal data for a process-
28 ing purpose, a controller may rely on such consent until it is with-
29 drawn.

30 (e) A controller must provide a mechanism for a consumer to withdraw
31 previously given consent at any time. Such mechanism shall make it as
32 easy for a consumer to withdraw their consent as it is for such consumer
33 to provide consent.

34 (f) A controller must not infer that a consumer has provided freely
35 given, specific, informed, and unambiguous opt-in consent from the
36 consumer's inaction or the consumer's continued use of a service or
37 product provided by the controller.

38 (g) To the extent that a controller must process internet protocol
39 addresses, system configuration information, URLs of referring pages,
40 locale and language preferences, keystrokes, or any other data that
41 individually or collectively may comprise personal data in order to
42 obtain a consumer's freely given, specific, informed, and unambiguous
43 opt-in consent, the controller must:

44 (i) process only the personal data necessary to request freely given,
45 specific, informed, and unambiguous opt-in consent;

46 (ii) process the personal data solely to request freely given, specif-
47 ic, informed, and unambiguous opt-in consent; and

48 (iii) promptly delete the personal data if consent is withheld,
49 denied, or withdrawn.

50 (h) Controllers must not request consent from a consumer who has
51 previously withheld or denied consent, unless consent is necessary to
52 provide the services or goods requested by the consumer.

53 (i) Controllers must treat user-enabled privacy controls in a browser,
54 browser plug-in, smartphone application, operating system, device
55 setting, or other mechanism that communicates or signals the consumer's
56 choice not to be subject to targeted advertising or the sale of their

personal data as a denial of consent under this act. To the extent that the privacy control conflicts with a consumer's consent, the privacy control settings govern, unless the consumer provides freely given, specific, informed, and unambiguous opt-in consent to override the privacy control.

(j) A controller must not discriminate against a consumer for withholding or denying consent, including, but not limited to, by:

(i) denying services or goods to the consumer, unless the consumer does not consent to processing necessary to provide the services or goods requested by the consumer;

(ii) charging different prices for goods or services, including through the use of discounts or other benefits, imposing penalties, or providing a different level or quality of services or goods to the consumer; or

(iii) suggesting that the consumer will receive a different price or rate for goods or services or a different level or quality of services or goods.

(k) A controller may, with the consumer's freely given, specific, informed, and unambiguous opt-in consent given pursuant to this section, operate a program in which information, products, or services sold to the consumer are discounted based solely on such consumer's prior purchases from the controller, provided that the personal data used to operate such program is processed solely for the purpose of operating such program.

(l) In the event of a merger, acquisition, bankruptcy, or other transaction in which another entity assumes control or ownership of all or majority of the controller's assets, any consent provided to the controller by a consumer prior to such transaction shall be deemed withdrawn.

3. Right to access. Upon the verified request of a consumer, a controller shall:

(a) confirm whether or not the controller is processing or has processed personal data of that consumer, and provide access to a copy of any such personal data in a manner understandable to a reasonable consumer when requested; and

(b) provide the identity of each processor or third party to whom the controller disclosed, transferred, or sold the consumer's personal data and, for each identified processor or third party, (i) the categories of the consumer's personal data disclosed, transferred, or sold to each processor or third party and (ii) the purposes for which each category of the consumer's personal data was disclosed, transferred, or sold to each processor or third party.

4. Right to portable data. Upon a verified request, and to the extent technically feasible, the controller must: (a) provide to the consumer a copy of all of, or a portion of, as designated in a verified request, the consumer's personal data in a structured, commonly used and machine-readable format and (b) transmit the data to another person of the consumer's or their agent's designation without hindrance.

5. Right to correct. (a) Upon the verified request of a consumer or their agent, a controller must conduct a reasonable investigation to determine whether personal data, the accuracy of which is disputed by the consumer, is inaccurate, with such investigation to be concluded within the time period set forth in paragraph (a) of subdivision eight of this section.

(b) Notwithstanding paragraph (a) of this subdivision, a controller may terminate an investigation initiated pursuant to such paragraph if

1 the controller reasonably and in good faith determines that the dispute
2 by the consumer is wholly without merit, including by reason of a fail-
3 ure by a consumer to provide sufficient information to investigate the
4 disputed personal data. Upon making any determination in accordance with
5 this paragraph that a dispute is wholly without merit, a controller
6 must, within the time period set forth in paragraph (a) of subdivision
7 eight of this section, provide the affected consumer a statement in
8 writing that includes, at a minimum, the specific reasons for the deter-
9 mination, and identification of any information required to investigate
10 the disputed personal data, which may consist of a standardized form
11 describing the general nature of such information.

12 (c) If, after any investigation under paragraph (a) of this subdivi-
13 sion of any personal data disputed by a consumer, an item of the
14 personal data is found to be inaccurate or incomplete, or cannot be
15 verified, the controller must:

16 (i) correct the inaccurate or incomplete personal data of the consum-
17 er; and

18 (ii) unless it proves impossible or involves disproportionate effort,
19 communicate such request to each processor or third party to whom the
20 controller disclosed, transferred, or sold the personal data within one
21 year preceding the consumer's request, and to require those processors
22 or third parties to do the same for any further processors or third
23 parties they disclosed, transferred, or sold the personal data to.

24 (d) If the investigation does not resolve the dispute, the consumer
25 may file with the controller a brief statement setting forth the nature
26 of the dispute. Whenever a statement of a dispute is filed, unless there
27 exists reasonable grounds to believe that it is wholly without merit,
28 the controller must note that it is disputed by the consumer and include
29 either the consumer's statement or a clear and accurate codification or
30 summary thereof with the disputed personal data whenever it is
31 disclosed, transferred, or sold to any processor or third party.

32 6. Right to delete. (a) Upon the verified request of a consumer, a
33 controller must:

34 (i) within forty-five days after receiving the verified request,
35 delete any or all personal data, as directed by the consumer or their
36 agent, that the controller possesses or controls; and

37 (ii) unless it proves impossible or involves disproportionate effort
38 that is documented in writing by the controller, communicate such
39 request to each processor or third party to whom the controller
40 disclosed, transferred or sold the personal data within one year preced-
41 ing the consumer's request and to require those processors or third
42 parties to do the same for any further processors or third parties they
43 disclosed, transferred, or sold the personal data to.

44 (b) For personal data that is not possessed by the controller but by a
45 processor of the controller, the controller may choose to (i) communi-
46 cate the consumer's request for deletion to the processor, or (ii)
47 request that the processor return to the controller the personal data
48 that is the subject of the consumer's request and delete such personal
49 data upon receipt of the request.

50 (c) A consumer's deletion of their online account must be treated as a
51 request to the controller to delete all of that consumer's personal
52 data.

53 (d) A controller must maintain reasonable procedures designed to
54 prevent the reappearance in its systems, and in any data it discloses,
55 transfers, or sells to any processor or third party, the personal data
56 that is deleted pursuant to this subdivision.

1 (e) A controller is not required to comply with a consumer's request
2 to delete personal data if:

3 (i) complying with the request would prevent the controller from
4 performing accounting functions, processing refunds, effectuating a
5 product recall pursuant to federal or state law, or fulfilling warranty
6 claims, provided that the personal data that is the subject of the
7 request is not processed for any purpose other than such specific activ-
8 ities; or

9 (ii) it is necessary for the controller to maintain the consumer's
10 personal data to engage in public or peer-reviewed scientific, histor-
11 ical, or statistical research in the public interest that adheres to all
12 other applicable ethics and privacy laws, when the controller's deletion
13 of the information is likely to render impossible or seriously impair
14 the achievement of such research, provided that the consumer has given
15 informed consent and the personal data is not processed for any purpose
16 other than such research.

17 7. Automated decision-making. (a) Whenever a controller makes an auto-
18 mated decision involving solely automated processing that materially
19 contributes to a denial of financial or lending services, housing,
20 public accommodation, insurance, health care services, or access to
21 basic necessities, such as food and water, the controller must:

22 (i) disclose in a clear, conspicuous, and consumer-friendly manner
23 that the decision was made by a solely automated process;

24 (ii) provide an avenue for the affected consumer to appeal the deci-
25 sion, which must at minimum allow the affected consumer to (A) formally
26 contest the decision, (B) provide information to support their position,
27 and (C) obtain meaningful human review of the decision; and

28 (iii) explain the process to appeal the decision.

29 (b) A controller must respond to a consumer's appeal within forty-five
30 days of receipt of the appeal. That period may be extended once by
31 forty-five additional days where reasonably necessary, taking into
32 account the complexity and number of appeals. The controller must inform
33 the consumer of any such extension within forty-five days of receipt of
34 the appeal, together with the reasons for the delay.

35 (c) (i) A controller or processor engaged in automated decision-making
36 affecting financial or lending services, housing, public accommodation,
37 insurance, education enrollment, employment, health care services, or
38 access to basic necessities, such as food and water, or engaged in
39 assisting others in automated decision-making in those fields, must
40 annually conduct an impact assessment of such automated decision-making
41 that:

42 (A) describes and evaluates the objectives and development of the
43 automated decision-making processes including the design and training
44 data used to develop the automated decision-making process, how the
45 automated decision-making process was tested for accuracy, fairness,
46 bias and discrimination; and

47 (B) assesses whether the automated decision-making system produces
48 discriminatory results on the basis of a consumer's or class of consum-
49 ers' actual or perceived race, color, ethnicity, religion, national
50 origin, sex, gender, gender identity, sexual orientation, familial
51 status, biometric information, lawful source of income, or disability.

52 (ii) A controller or processor must utilize an external, independent
53 auditor or researcher to conduct such assessments.

54 (iii) A controller or processor must make publicly available in a
55 manner accessible online all impact assessments prepared pursuant to
56 this section, retain all such impact assessments for at least six years,

1 and make any such retained impact assessments available to any state,
2 federal, or local government authority upon request.

3 (iv) For purposes of this paragraph, the limitations to jurisdictional
4 scope set forth in paragraphs (b) and (c) of subdivision two of section
5 eleven hundred one of this article shall not apply.

6 8. Responding to requests. (a) A controller must take action under
7 subdivisions three through six of this section and inform the consumer
8 of any actions taken without undue delay and in any event within forty-
9 five days of receipt of the request. That period may be extended once by
10 forty-five additional days where reasonably necessary, taking into
11 account the complexity and number of the requests. The controller must
12 inform the consumer of any such extension within forty-five days of
13 receipt of the request, together with the reasons for the delay. When a
14 controller denies any such request, it must within this period disclose
15 to the consumer a statement in writing of the specific reasons for the
16 denial.

17 (b) A controller shall permit the exercise of rights and carry out its
18 obligations set forth in subdivisions three through six of this section
19 free of charge, at least twice annually to the consumer. Where requests
20 from a consumer are manifestly unfounded or excessive, in particular
21 because of their repetitive character, the controller may either (i)
22 charge a reasonable fee to cover the administrative costs of complying
23 with the request or (ii) refuse to act on the request and notify the
24 consumer of the reason for refusing the request. The controller bears
25 the burden of demonstrating the manifestly unfounded or excessive char-
26 acter of the request.

27 (c) (i) A controller shall promptly attempt, using commercially
28 reasonable efforts, to verify that all requests to exercise any rights
29 set forth in any section of this article requiring a verified request
30 were made by the consumer who is the subject of the data, or by a person
31 lawfully exercising the right on behalf of the consumer who is the
32 subject of the data. Commercially reasonable efforts shall be determined
33 based on the totality of the circumstances, including the nature of the
34 data implicated by the request.

35 (ii) A controller may require the consumer to provide additional
36 information only if the request cannot reasonably be verified without
37 the provision of such additional information. A controller must not
38 transfer or process any such additional information provided pursuant to
39 this section for any other purpose and must delete any such additional
40 information without undue delay and in any event within forty-five days
41 after the controller has notified the consumer that it has taken action
42 on a request under subdivisions two through five of this section as
43 described in paragraph (a) of this subdivision.

44 (iii) If a controller discloses this additional information to any
45 processor or third party for the purpose of verifying a consumer
46 request, it must notify the receiving processor or third party at the
47 time of such disclosure, or as close in time to the disclosure as is
48 reasonably practicable, that such information was provided by the
49 consumer for the sole purpose of verification and cannot be processed
50 for any purpose other than verification.

51 9. Implementation of rights. Controllers must provide easily accessi-
52 ble and convenient means for consumers to exercise their rights under
53 this article.

54 10. Non-waiver of rights. Any provision of a contract or agreement of
55 any kind that purports to waive or limit in any way a consumer's rights

1 under this article is contrary to public policy and is void and unen-
2 forceable.

3 § 1103. Controller, processor, and third party responsibilities. 1.
4 Controller responsibilities. (a) Data protection assessment. A control-
5 ler shall regularly conduct and document a data protection assessment
6 for processing activities that present a heightened risk of harm to the
7 consumer. Such assessment must identify and weigh the benefits that may
8 flow, directly and indirectly, from the processing to the controller,
9 the consumer, other stakeholders, and the public against the potential
10 risks to the rights of the consumer, or class of consumers, associated
11 with the processing, as mitigated by safeguards that the controller can
12 employ to reduce the risks. The controller shall factor into this
13 assessment the use of deidentified data and the reasonable expectations
14 of consumers, as well as the context of the processing and the relation-
15 ship between the controller and the consumer whose personal data will be
16 processed, with the goal of restricting or prohibiting such processing
17 if the risks of harm to the consumer outweigh the benefits resulting
18 from the processing to the consumer. Processing that presents a height-
19 ened risk of harm to the consumer includes the following:

20 (i) processing that may benefit the controller to the detriment of the
21 consumer;

22 (ii) processing that would be unexpected and highly offensive to a
23 reasonable consumer;

24 (iii) processing personal data for purposes of targeted advertising;

25 (iv) sale of personal data; and

26 (v) processing of personal data for purposes of profiling, where such
27 profiling presents a reasonably foreseeable risk of:

28 (A) unfair or deceptive treatment, or unlawful disparate impact on,
29 consumers or a class of consumers;

30 (B) financial, physical, psychological or reputational injury to
31 consumers, or a class of consumers;

32 (C) a physical or otherwise intrusion upon the solitude or seclusion,
33 or the private affairs or concerns, of consumers, where such intrusion
34 would be offensive to a reasonable person; or

35 (D) other substantial injury to consumers.

36 (b) Duty of loyalty. (i) A controller must notify the consumer, or
37 class of consumers, of the interest that may be harmed in advance of
38 requesting consent and as close in time to the processing as practicable
39 where it is reasonably foreseeable to the controller that a process
40 presents a heightened risk of harm to the consumer or class of consum-
41 ers.

42 (ii) Controllers must not engage in unfair, deceptive, or abusive acts
43 or practices with respect to obtaining consumer consent, the processing
44 of personal data, and a consumer's exercise of any rights under this
45 article, including without limitation:

46 (A) designing a user interface with the purpose or substantial effect
47 of deceiving consumers, obscuring consumers' rights under this article,
48 or subverting or impairing user autonomy, decision-making, or choice in
49 order to obtain consent; or

50 (B) obtaining consent in a manner designed to overpower a consumer's
51 resistance; for example, by making excessive requests for consent.

52 (c) Duty of care. (i) (A) Controllers must, on at least an annual
53 basis, conduct and document risk assessments of all current processing
54 of personal data.

55 (B) Risk assessments must assess at a minimum:

1 (I) the nature, sensitivity and context of the personal data that the
2 controller processes;

3 (II) the nature, purpose, and value of the processes;

4 (III) any risks or harms to consumers actually or potentially arising
5 out of the processes, including physical, financial, psychological, or
6 reputational harms;

7 (IV) the adequacy and effect of safeguards implemented by the control-
8 lers;

9 (V) the sufficiency of the controller's notices to consumers at
10 describing and obtaining consent concerning the processes; and

11 (VI) the adequacy of the safeguards and monitoring practices of
12 processors and third parties to whom the controller has provided
13 personal data.

14 (C) The controller must retain risk assessments for at least six years
15 and make risk assessments available to the attorney general upon
16 request.

17 (ii) Controllers must develop, implement, and maintain reasonable
18 safeguards to protect the security, confidentiality and integrity of the
19 personal data of consumers including adopting reasonable administrative,
20 technical and physical safeguards appropriate to the volume and nature
21 of the personal data at issue.

22 (iii) (A) A controller shall limit the use and retention of a consum-
23 er's personal data to what is necessary to provide a service or good
24 requested by a consumer or for purposes for which the consumer has
25 provided freely given, specific, informed, and unambiguous opt-in
26 consent.

27 (B) At least annually, a controller shall review its retention prac-
28 tices for the purpose of ensuring that it is maintaining the minimum
29 amount of personal data as is necessary for the operation of its busi-
30 ness. A controller must dispose of all personal data that is no longer
31 (I) necessary to provide the services or goods requested by the consum-
32 er, (II) necessary for the internal business operations of the control-
33 ler and consistent with the disclosures made to the consumer pursuant to
34 section eleven hundred two of this article, or (III) necessary to comply
35 with the legal obligations of the controller.

36 (iv) Controllers shall be under a continuing obligation to engage in
37 reasonable measures to review their activities for circumstances that
38 may have altered their ability to identify a specific natural person and
39 to update their classifications of data as identified or identifiable
40 accordingly.

41 (d) Non-discrimination. (i) A controller must not discriminate against
42 a consumer for exercising rights under this act, including but not
43 limited to, by:

44 (A) denying services or goods to consumers;

45 (B) charging different prices for services or goods, including through
46 the use of discounts or other benefits; imposing penalties; or providing
47 a different level or quality of services or goods to the consumer; or

48 (C) suggesting that the consumer will receive a different price or
49 rate for services or goods or a different level or quality of services
50 or goods.

51 (ii) This paragraph does not apply to a controller's conduct with
52 respect to opt-in consent, in which case paragraph (j) of subdivision
53 two of section eleven hundred two of this article governs.

54 (e) Agreements with processors. (i) Before making any disclosure,
55 transfer, or sale of personal data to any processor, the controller must
56 enter into a written, signed contract with that processor. Such contract

1 must be binding and clearly set forth instructions for processing data,
2 the nature and purpose of processing, the type of data subject to proc-
3 essing, the duration of processing, and the rights and obligations of
4 both parties. The contract must also include requirements that the
5 processor must:

6 (A) ensure that each person processing personal data is subject to a
7 duty of confidentiality with respect to the data;

8 (B) protect the data in a manner consistent with the requirements of
9 this act and at least equal to the security requirements of the control-
10 ler set forth in their publicly available policies, notices, or similar
11 statements;

12 (C) process the data only when and to the extent necessary to comply
13 with its legal obligations to the controller unless otherwise explicitly
14 authorized by the controller;

15 (D) not combine the personal data which the processor receives from or
16 on behalf of the controller with personal data which the processor
17 receives from or on behalf of another person or collects from its own
18 interaction with consumers;

19 (E) comply with any exercises of a consumer's rights under section
20 eleven hundred two of this article upon the request of the controller,
21 subject to the limitations set forth in section eleven hundred five of
22 this article;

23 (F) at the controller's direction, delete or return all personal data
24 to the controller as requested at the end of the provision of services,
25 unless retention of the personal data is required by law;

26 (G) upon the reasonable request of the controller, make available to
27 the controller all data in its possession necessary to demonstrate the
28 processor's compliance with the obligations in this act;

29 (H) allow, and cooperate with, reasonable assessments by the control-
30 ler or the controller's designated assessor; alternatively, the process-
31 or may arrange for a qualified and independent assessor to conduct an
32 assessment of the processor's policies and technical and organizational
33 measures in support of the obligations under this article using an
34 appropriate and accepted control standard or framework and assessment
35 procedure for such assessments. The processor shall provide a report of
36 such assessment to the controller upon request;

37 (I) a reasonable time in advance before disclosing or transferring the
38 data to any further processors, notify the controller of such a proposed
39 disclosure or transfer and provide the controller an opportunity to
40 approve or reject the proposal; and

41 (J) engage any further processor pursuant to a written, signed
42 contract that includes the contractual requirements provided in this
43 paragraph, containing at minimum the same obligations that the processor
44 has entered into with regard to the data.

45 (ii) A controller must not agree to indemnify, defend, or hold a
46 processor harmless, or agree to a provision that has the effect of
47 indemnifying, defending, or holding the processor harmless, from claims
48 or liability arising from the processor's breach of the contract
49 required by clause (A) of subparagraph (i) of this paragraph or a
50 violation of this act. Any provision of an agreement that violates this
51 subparagraph is contrary to public policy and is void and unenforceable.

52 (iii) Nothing in this paragraph relieves a controller or a processor
53 from the liabilities imposed on it by virtue of its role in the process-
54 ing relationship as defined by this article.

55 (iv) Determining whether a person is acting as a controller or proces-
56 sor with respect to a specific processing of data is a fact-based deter-

1 mination that depends upon the context in which personal data is to be
2 processed. A processor that continues to adhere to a controller's
3 instructions with respect to a specific processing of personal data
4 remains a processor.

5 (f) Third parties. (i) A controller must not share, disclose, trans-
6 fer, or sell personal data, or facilitate or enable the processing,
7 disclosure, transfer, or sale of personal data to a third party for
8 which consent of the consumer pursuant to subdivision two of section
9 eleven hundred two of this article, has not been obtained or is not
10 currently in effect. Any request for consent to share, disclose, trans-
11 fer, or sell personal data, or to facilitate or enable the processing,
12 disclosure, transfer, or sale of personal data to a third party must
13 clearly include the identity of the third party and the processing
14 purposes for which the third party may use the personal data.

15 (ii) A controller must not share, disclose, transfer, or sell personal
16 data, or facilitate or enable the processing, disclosure, transfer, or
17 sale of personal data if it can reasonably expect the personal data of a
18 consumer to be used for purposes that the consumer has not consented to
19 pursuant to subdivision two of section eleven hundred two of this arti-
20 cle, or if it can reasonably expect that any rights of the consumer
21 provided in this article would be compromised as a result of such trans-
22 action.

23 (iii) Before making any disclosure, transfer, or sale of personal data
24 to any third party, the controller must enter into a written, signed
25 contract. Such contract must be binding and the scope, nature, and
26 purpose of processing, the type of data subject to processing, the dura-
27 tion of processing, and the rights and obligations of both parties.
28 Such contract must include requirements that the third party:

29 (A) Process that data only to the extent permitted by the agreement
30 entered into with the controller; and

31 (B) Provide a mechanism to comply with any exercises of a consumer's
32 rights under section eleven hundred two of this article upon the request
33 of the controller, subject to any limitations thereon as authorized by
34 this article; and

35 (C) To the extent the disclosure, transfer, or sale of the personal
36 data causes the third party to become a controller, comply with all
37 obligations imposed on controllers under this article.

38 2. Processor responsibilities. (a) For any personal data that is
39 obtained, received, purchased, or otherwise acquired by a processor,
40 whether directly from a controller or indirectly from another processor,
41 the processor must comply with the requirements set forth in clauses (A)
42 through (J) of subparagraph (i) of paragraph (e) of subdivision one of
43 this section.

44 (b) A processor is not required to comply with a request by the
45 consumer submitted pursuant to this article by a consumer directly to
46 the processor to the extent that the processor has processed the consum-
47 er's personal data solely in its role as a processor for a controller.

48 (c) Processors shall be under a continuing obligation to engage in
49 reasonable measures to review their activities for circumstances that
50 may have altered their ability to identify a specific natural person and
51 to update their classifications of data as identified or identifiable
52 accordingly.

53 (d) A processor shall not engage in any sale of personal data other
54 than on behalf of the controller pursuant to any agreement entered into
55 with the controller.

1 3. Third party responsibilities. (a) For any personal data that is
2 obtained, received, purchased, or otherwise acquired or accessed by a
3 third party from a controller or processor, the third party must:

4 (i) Process that data only to the extent permitted by any agreements
5 entered into with the controller;

6 (ii) Process only the personal data necessary for purposes for which
7 freely given, specific, informed, and unambiguous opt-in consent is in
8 effect, as conveyed by the controller, limit the use and retention of
9 that data to what is necessary for such purposes, and shall immediately
10 delete such personal data when notified that the consent is withheld,
11 denied, or withdrawn;

12 (iii) Comply with any exercises of a consumer's rights under section
13 eleven hundred two of this article upon the request of the controller or
14 processor, subject to any limitations thereon as authorized by this
15 article; and

16 (iv) To the extent the third party becomes a controller for personal
17 data, comply with all obligations imposed on controllers under this
18 article.

19 4. Exceptions. The requirements of this section shall not apply where:

20 (a) The processing is required by law;

21 (b) The processing is made pursuant to a request by a federal, state,
22 or local government or government entity; or

23 (c) The processing significantly advances protection against criminal
24 or tortious activity.

25 § 1104. Data brokers. 1. A data broker, as defined under this article,
26 must:

27 (a) Annually, on or before January thirty-first following a year in
28 which a person meets the definition of data broker in this article:

29 (i) Register with the attorney general;

30 (ii) Pay a registration fee of one hundred dollars or as otherwise
31 determined by the attorney general pursuant to the regulatory authority
32 granted to the attorney general under this article, not to exceed the
33 reasonable cost of establishing and maintaining the database and infor-
34 mational website described in this section; and

35 (iii) Provide the following information:

36 (A) the name and primary physical, email, and internet website address
37 of the data broker;

38 (B) the name and business address of an officer or registered agent of
39 the data broker authorized to accept legal process on behalf of the data
40 broker;

41 (C) a statement describing the method for exercising consumers rights
42 under section eleven hundred two of this article;

43 (D) a statement whether the data broker implements a purchaser creden-
44 tialing process; and

45 (E) any additional information or explanation the data broker chooses
46 to provide concerning its data collection practices.

47 2. Notwithstanding any other provision of this article, any controller
48 that conducts business in the state of New York must:

49 (a) annually, on or before January thirty-first following a year in
50 which a person meets the definition of controller in this act, provide
51 to the attorney general a list of all data brokers or persons reasonably
52 believed to be data brokers to which the controller provided personal
53 data in the preceding year; and

54 (b) not sell a consumer's personal data to a data broker that is not
55 registered with the attorney general.

1 3. The attorney general shall establish, manage and maintain a state-
2 wide registry on its internet website, which shall list all registered
3 data brokers and make accessible to the public all the information
4 provided by data brokers pursuant to this section. Printed hard copies
5 of such registry shall be made available upon request and payment of a
6 fee to be determined by the attorney general.

7 4. A data broker that fails to register as required by this section or
8 submits false information in its registration is, in addition to any
9 other injunction, penalty, or liability that may be imposed under this
10 article, liable for civil penalties, fees, and costs in an action
11 brought by the attorney general as follows: (a) a civil penalty of one
12 thousand dollars for each day the data broker fails to register as
13 required by this section or fails to correct false information, (b) an
14 amount equal to the fees that were due during the period it failed to
15 register, and (c) expenses incurred by the attorney general in the
16 investigation and prosecution of the action as the court deems appropri-
17 ate.

18 § 1105. Limitations. 1. This article does not require a controller or
19 processor to do any of the following solely for purposes of complying
20 with this article:

21 (a) Reidentify deidentified data;

22 (b) Comply with a verified consumer request to access, correct, or
23 delete personal data pursuant to this article if all of the following
24 are true:

25 (i) The controller is not reasonably capable of associating the
26 request with the personal data;

27 (ii) The controller does not associate the personal data with other
28 personal data about the same specific consumer as part of its normal
29 business practice; and

30 (iii) The controller does not sell the personal data to any third
31 party or otherwise voluntarily disclose or transfer the personal data to
32 any processor or third party, except as otherwise permitted in this
33 article; or

34 (c) Maintain personal data in identifiable form, or collect, obtain,
35 retain, or access any personal data or technology, in order to be capa-
36 ble of associating a verified consumer request with personal data.

37 2. The obligations imposed on controllers and processors under this
38 article do not restrict a controller's or processor's ability to do any
39 of the following, to the extent that the use of the consumer's personal
40 data is reasonably necessary and proportionate for these purposes:

41 (a) Comply with federal, state, or local laws, rules, or regulations;

42 (b) Comply with a civil, criminal, or regulatory inquiry, investi-
43 gation, subpoena, or summons by federal, state, local, or other govern-
44 mental authorities;

45 (c) Cooperate with law enforcement agencies concerning conduct or
46 activity that the controller or processor reasonably and in good faith
47 believes may violate federal, state, or local laws, rules, or regu-
48 lations;

49 (d) Investigate, establish, exercise, prepare for, or defend legal
50 claims;

51 (e) Process personal data necessary to provide the services or goods
52 requested by a consumer; perform a contract to which the consumer is a
53 party; or take steps at the request of the consumer prior to entering
54 into a contract;

1 (f) Take immediate steps to protect the life or physical safety of the
2 consumer or of another natural person, and where the processing cannot
3 be manifestly based on another legal basis;

4 (g) Prevent, detect, protect against, or respond to security inci-
5 dents, identity theft, fraud, harassment, malicious or deceptive activ-
6 ities, or any illegal activity; preserve the integrity or security of
7 systems; or investigate, report, or prosecute those responsible for any
8 such action;

9 (h) Identify and repair technical errors that impair existing or
10 intended functionality; or

11 (i) Process business contact information, including a natural person's
12 name, position name or title, business telephone number, business
13 address, business electronic mail address, business fax number, or qual-
14 ifications and any other similar information about the natural person.

15 3. The obligations imposed on controllers or processors under this
16 article do not apply where compliance by the controller or processor
17 with this article would violate an evidentiary privilege under New York
18 law and do not prevent a controller or processor from providing personal
19 data concerning a consumer to a person covered by an evidentiary privi-
20 lege under New York law as part of a privileged communication.

21 4. A controller that receives a request pursuant to subdivisions three
22 through six of section eleven hundred two of this article, or a process-
23 or or third party to whom a controller communicates such a request, may
24 decline to fulfill the relevant part of such request if:

25 (a) the controller, processor, or third party is unable to verify the
26 request using commercially reasonable efforts, as described in paragraph
27 (c) of subdivision eight of section eleven hundred two of this article;

28 (b) complying with the request would be demonstrably impossible (for
29 purposes of this paragraph, the receipt of a large number of verified
30 requests, on its own, is not sufficient to render compliance with a
31 request demonstrably impossible);

32 (c) complying with the request would impair the privacy of another
33 individual or the rights of another to exercise free speech; or

34 (d) the personal data was created by a natural person other than the
35 consumer making the request and is being processed for the purpose of
36 facilitating interpersonal relationships or public discussion.

37 § 1106. Enforcement and private right of action. 1. Whenever it
38 appears to the attorney general, either upon complaint or otherwise,
39 that any person or persons has engaged in or is about to engage in any
40 of the acts or practices stated to be unlawful under this article, the
41 attorney general may bring an action or special proceeding in the name
42 and on behalf of the people of the state of New York to enjoin any
43 violation of this article, to obtain restitution of any moneys or prop-
44 erty obtained directly or indirectly by any such violation, to obtain
45 disgorgement of any profits obtained directly or indirectly by any such
46 violation, to obtain civil penalties of not more than fifteen thousand
47 dollars per violation, and to obtain any such other and further relief
48 as the court may deem proper, including preliminary relief.

49 (a) Any action or special proceeding brought by the attorney general
50 pursuant to this section must be commenced within six years.

51 (b) Each instance of unlawful processing counts as a separate
52 violation. Unlawful processing of the personal data of more than one
53 consumer counts as a separate violation as to each consumer. Each
54 provision of this article that is violated counts as a separate
55 violation.

1 (c) In assessing the amount of penalties, the court must consider any
2 one or more of the relevant circumstances presented by any of the
3 parties, including, but not limited to, the nature and seriousness of
4 the misconduct, the number of violations, the persistence of the miscon-
5 duct, the length of time over which the misconduct occurred, the will-
6 fulness of the violator's misconduct, and the violator's financial
7 condition.

8 2. In connection with any proposed action or special proceeding under
9 this section, the attorney general is authorized to take proof and make
10 a determination of the relevant facts, and to issue subpoenas in accord-
11 ance with the civil practice law and rules. The attorney general may
12 also require such other data and information as he or she may deem rele-
13 vant and may require written responses to questions under oath. Such
14 power of subpoena and examination shall not abate or terminate by reason
15 of any action or special proceeding brought by the attorney general
16 under this article.

17 3. Any person, within or outside the state, who the attorney general
18 believes may be in possession, custody, or control of any books, papers,
19 or other things, or may have information, relevant to acts or practices
20 stated to be unlawful in this article is subject to the service of a
21 subpoena issued by the attorney general pursuant to this section.
22 Service may be made in any manner that is authorized for service of a
23 subpoena or a summons by the state in which service is made.

24 4. (a) Failure to comply with a subpoena issued pursuant to this
25 section without reasonable cause tolls the applicable statutes of limi-
26 tations in any action or special proceeding brought by the attorney
27 general against the noncompliant person that arises out of the attorney
28 general's investigation.

29 (b) If a person fails to comply with a subpoena issued pursuant to
30 this section, the attorney general may move in the supreme court to
31 compel compliance. If the court finds that the subpoena was authorized,
32 it shall order compliance and may impose a civil penalty of up to five
33 hundred dollars per day of noncompliance.

34 (c) Such tolling and civil penalty shall be in addition to any other
35 penalties or remedies provided by law for noncompliance with a subpoena.

36 5. This section shall apply to all acts declared to be unlawful under
37 this article, whether or not subject to any other law of this state, and
38 shall not supersede, amend or repeal any other law of this state under
39 which the attorney general is authorized to take any action or conduct
40 any inquiry.

41 6. Any consumer who has been injured by a violation of subdivision
42 two, seven or eight of section eleven hundred two of this article may
43 bring an action in his or her own name to enjoin such unlawful act or
44 practice and to recover his or her actual damages or one thousand
45 dollars, whichever is greater. The court may also award reasonable
46 attorneys' fees to a prevailing plaintiff. Actions pursuant to this
47 section may be brought on a class-wide basis.

48 § 1107. Miscellaneous. 1. Preemption: This article does not annul,
49 alter, or affect the laws, ordinances, regulations, or the equivalent
50 adopted by any local entity regarding the processing, collection, trans-
51 fer, disclosure, and sale of consumers' personal data by a controller or
52 processor subject to this article, except to the extent those laws,
53 ordinances, regulations, or the equivalent create requirements or obli-
54 gations that conflict with or reduce the protections afforded to consum-
55 ers under this article.

1 2. Impact report: The attorney general shall issue a report evaluating
2 this article, its scope, any complaints from consumers or persons, the
3 liability and enforcement provisions of this article including, but not
4 limited to, the effectiveness of its efforts to enforce this article,
5 and any recommendations for changes to such provisions. The attorney
6 general shall submit the report to the governor, the temporary president
7 of the senate, the speaker of the assembly, and the appropriate commit-
8 tees of the legislature within two years of the effective date of this
9 section.

10 3. Regulatory authority: (a) The attorney general is hereby authorized
11 and empowered to adopt, promulgate, amend and rescind suitable rules and
12 regulations to carry out the provisions of this article, including rules
13 governing the form and content of any disclosures or communications
14 required by this article.

15 (b) The attorney general may request data and information from
16 controllers conducting business in New York state, other New York state
17 government entities administering notice and consent regimes, consumer
18 protection and privacy advocates and researchers, internet standards
19 setting bodies, such as the internet engineering taskforce and the
20 institute of electrical and electronics engineers, and other relevant
21 sources, to conduct studies to inform suitable rules and regulations.
22 The attorney general shall receive, upon request, data from other New
23 York state governmental entities.

24 4. Exercise of rights: Any consumer right set forth in this article
25 may be exercised at any time by the consumer who is the subject of the
26 data or by a parent or guardian authorized by law to take actions of
27 legal consequence on behalf of the consumer who is the subject of the
28 data. An agent authorized by a consumer may exercise the consumer rights
29 set forth in subdivisions three through six of section eleven hundred
30 two of this act on the consumers behalf.

31 § 4. This act shall take effect immediately; provided, however, that
32 sections 1101, 1102, 1103, 1105, 1106 and 1107 of the general business
33 law, as added by section three of this act, shall take effect two years
34 after it shall have become a law but the private right of action author-
35 ized by subdivision 6 of section 1106 of the general business law shall
36 take effect three years after such section shall have become a law.
